Arlington Heights 1939 Building Breaks 10 Year Record

Over Half a Million Dollars Spent On Homes and Business Blocks

The year 1939 saw the greatest building boom in Arlington Heights in the last ten years, according to Paul Taege, building commissioner, whose records give authentic information regarding the number of new homes, their costs; amounts spent on new business blocks and alterations.

There is no inflation in the figures that were released Wednesday morning to the Herald by Mr. Taege. The figures are for the incorporated village and are based on the building permits issued by the building department, on which building permits are paid.

Mr. Taege does not report the building in the contiguous territory to Arlington Heights — the subdivisions that lie just over the line.

The total building costs for the year is \$566,850. This amount does not include the new high school, park field house or other projects that were started last year.

There have been 54 houses erected at a cost of \$442,200; alterations and repairs to existing homes add \$17,500 additional, which means a total of nearly half a million dollars was spent during the year on homes in Arlington Heights.

The largest business block erected during the year is the Herald building at a cost of \$12,000. The total expended on business places, including addition to the Creamery Package, and alterations of the Arlington Seating Co. is \$48,000.

Fourteen private garages were erected at a cost of \$5,150.

The above figures include the building only. If the value of the vacant land that has been improved by the structures is taken into consideration, the building program of 1939 reaches three-quarters of a million dollars, which is some record for future years to shoot at.

At least a half a million dollars more property will be placed on the tax books in Arlington Heights the coming year.

The following resume gives a breakdown of the building figures:

New Residences	Number	Cost

Are You One Of The '400'?

Unpaid-for Christmas Seals will be as so many dead soldiers in the war against tuberculosis, according to the chairman of the Arlington Heights seal sale, in announcing "Seal Sale Wind-up Day."

We urge all the 400 citizens who have Christmas Seals in desk drawers, or in corners at home, to bring forth these lagards and breathe the breath of life into them by the payment of one penny for each Seal to the local Health Center.

These Seals were mailed to community residents December 1. Your Health Center is anxious to start on its 1940 program and must apportion its budget carefully before it begins. The Center will be glad to tell you of the work it is doing to protect you and your loved ones from this disease.

Follow-up cards should not be necessary for those who have not yet returned their letters. Please return them, with or without a contribution, preferably the former, immediately.

Cardinals Meet Alumni Tonight

1939 Graduates To Play 'Heavies' In Twin Bill Thursday

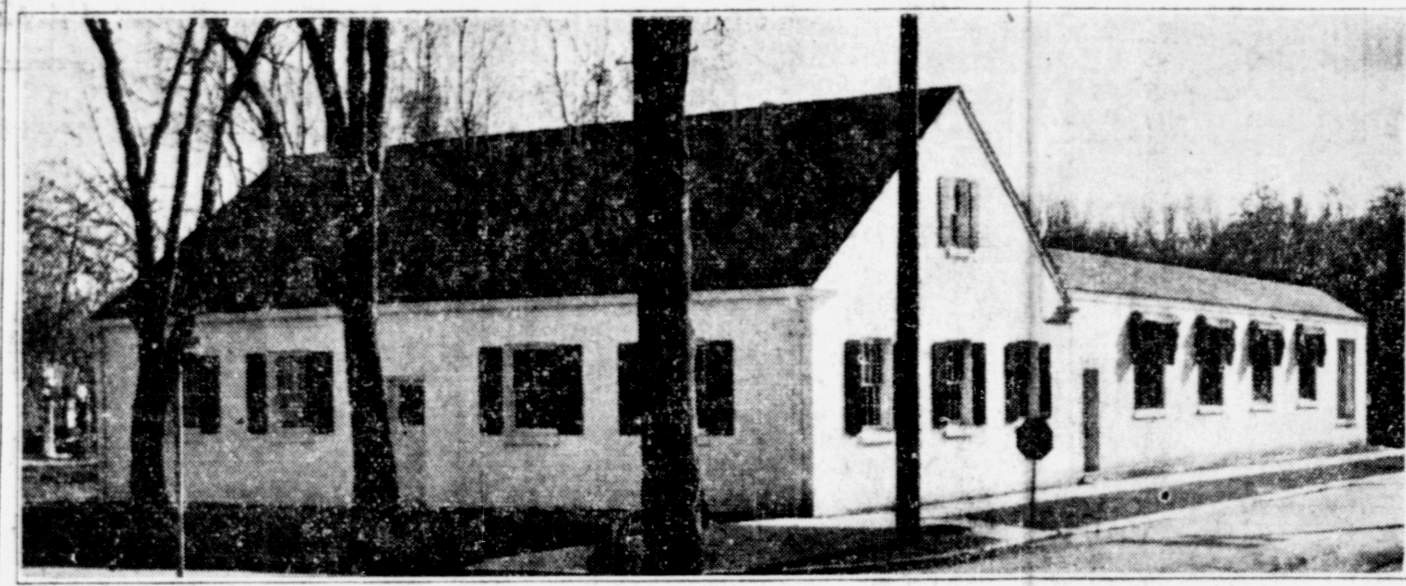

The Alumni-Arlington Cardinal game this Thursday night will headline the basketball festivities of the week in Arlington. This game should be a natural. Most of the alumni were members of last year's heavies and composed the senior team that beat out the juniors for the interschool basketball championship.

This game was one of the best played on the Arlington floor all last season. With the present Cardinal squad composed mostly of those juniors of last year who were the losers, they are eagerly looking forward to an opportunity to avenge that upset victory.

The team will be composed of Mayerck, Bartelt, Becker, Langhorst, Beckman. Since several of these are playing independent or church league ball, they will be in better condition than the average alumni squads.

A team recruited from erstwhile lightweight squad stars, will compete against Coach Hayes lights at 7:30 in the opening attraction.

NEW HOME OF PADDOCK PUBLICATIONS

Grabs WPA Opportunity Every Time

It's Early and Often For WPA Projects In Arlington Heights

From a municipal standpoint, Arlington Heights never lets a WPA opportunity to pass her by. The story of local WPA projects go hand in hand with a great many of the improvements that have elevated Arlington into the young city class.

There is always a project in the offing at the Chicago office of the WPA and Mayor Flentje has a way of pulling down what he wants. If there is a community job that needs labor it is usually the job of J. D. Flentje to get the O. K. of the federal government—and he does the job.

Due to upsets in the WPA program the latter part of the year, there were not as many projects as a year ago, but here are a few of them:

Project No. 20168 — Graded 19,450 square yards of curbs about the town; laid 22,500 square feet of new cement walks; repaired 27,000 square feet of sidewalks; ten foot widening of Campbell st. from Ridge ave., west beyond Dwyer.

Project No. 80227 — Codifying ordinances from horse and buggy days, to present date; rewriting all special assessments, placing all data regarding each on upon a single sheet. The only cost to the village on this project is the small price of materials used.

WPA labor has planted 12 clusters of blue spruce provided by the Lions club.

Future projects on which plans are complete are a sewer in south Dwyer st.; opening of West Wing st.; asphaltic top on Hickory st.

The general appearance of the village is being enhanced in many ways by the use of WPA and relief labor bringing the actual cost to taxpayers down to a minimum.

Herald Building Leads Business Construction

It is not every year that a newspaper can move into a new home. Thus the publication family of the Paddock Publications can be pardoned if they are a little bit puffed up over the commodious new home that they have occupied since Sep. 1—that is numbered among the building achievements for 1939 in Arlington Heights.

At the west end of the Campbell st. business district it is located in the former Klehm's woods. Twenty trees had to be removed to permit its construction. It is far enough from the noise and bustle of downtown to be free of interruptions. Cool breezes can enter large windows on all four sides next summer. Well constructed and an efficient heating plant will keep the structure warm and cozy the coming winter.

There is five times the space as was provided in the old building occupied for a period of forty years. There is ample room for double the equipment now in use and twice as many employees. This new newspaper home is built for Arlington Heights of the future.

Other Business Buildings

There has been other new Arlington Heights business structures that can be credited to the year that is just closing. Duntmann's Dairy has erected a modern streamlined building that is one of the show places on the northwest highway. Lake-Cook Farm Supply erected their own building a short distance from the Duntmann structure.

At the other end of the highway are the Aero Service station and the Big Freeze Ice Cream.

Changes have been made in the manufacturing district. Arlington Seating Co. has a modern office which includes special display rooms.

Creamery Package Co. erected \$6,000 addition to its plant here.

High School Completed

The greatest building project of the year in Arlington Heights is the \$190,000 high school addition and modernization of the old building. Forty-five per cent of the cost was the gift of the government.

The past year saw the final completion of the park field house which, with the swimming pool, completed last year, has automatically placed Arlington Heights among the deluxe suburban communities of Cook county.

Walter Karstens made extensive improvements at the funeral home remodeling the entire building and erecting a large garage.

Public Service Co. recognized the growing business importance of Arlington Heights by establishing an exclusive gas appliance store in the Hagenberg building.

H. L. Hagenberg increased the size of his store by opening a Vail avenue store.

Victor Sauer, 91, Pioneer Long Grove Merchant Dies

Victor Sauer, 91, for three quarters of a century a resident of Long Grove, died at Arlington Heights Sunday morning. The funeral was held Wednesday afternoon at the Long Grove church.

Deceased was born in Wittenburg, Germany in 1848, and came to Long Grove when six years of age.

For many years Mr. Sauer operated a general store at Long Grove and was well known throughout southern Lake county.

'Good Fellows' Put Basket Fund Over The Top

American Legion Plan Adopted By All Local Groups

A centralized agency for the handling of Christmas baskets in Arlington Heights did a real job last week and the newly formed Arlington Heights Community Christmas club received the full cooperation of the local organizations and interested groups. A last minute newspaper appeal for 25 more "good fellows" carried the basket fund over the top.

Each one of the local organizations interested in spreading real Christmas cheer about the community named one member of the general committee. It was this organization that took over the job of seeing that there would be no needy home in Arlington Heights without a Christmas dinner. It did a good job.

Gilbert Klehm as supervisor has been selected as chairman of the community Christmas fund committee. Mrs. Pino, community nurse, secretary; Phil Engelking is treasurer of this group, which, in the opinion of many, should become a permanent group for the handling of Christmas baskets.

It is impossible to mention the names of all of those who had a part in the basket fund, but special mention should be given to Arlington Theatre and the Presbyterian Men's club who collected 550 pounds of canned goods; Schmidt Bros. who provided the fifty hamper that contained the food and Meineke's Honey Shop in the form of fifty jars of two pounds each.

All food was purchased through local merchants, all of whom quoted wholesale or better prices on the goods they supplied.

The "Good Fellows" who put the fund over the top by leaving their contributions at either the treasurer's office or the office of Krause & Kehe, are:

\$5.00 each—Fire department, Wm. and Henry Mueller; Charles Foreman.

\$2.00 each—Clarence Davis; W. McCall; Krause & Kehe.

\$1.00 each—Fred Lorenzen; Mrs. Albert Mors; Mrs. Emelie Meyer; A. F. Wild; Elizabeth Anderson; Mrs. Miles; Wm. F. Meyer Jr.; Mrs. W. G. Frank; Henry Wilk; John L. Grose; Paul Heinze; Mrs. A. Capps; Mrs. Rinker; H. K. Jacobsen; Waldemar Krause; Donald Thompson; Dr. Walter Schlimm; Katherine Keesley; Carlton Smith; anonymous. Total \$41.00.

Merle Guild Post of the American Legion took the initiative in the basket giving. Elmer Crane, commander of the Legion, made a personal call on the head of each local organization with a request that their delegate bring to the meeting a list of worthy families known to that organization. In this way duplications were eliminated and a master list was formed.

25% commission will be paid on all new subscriptions turned into the publishers by interested organizations.

The above offers present an opportunity for churches, schools, Parent Teachers organizations and other groups to earn some extra money during January which is usually a month of small receipts.

H. C. Paddock Sons have adopted this method of securing renewals and new subscriptions in lieu of sending out a solicitor to call on individual subscribers.

A goal of \$500 has been established for Arlington Heights. If that goal is reached an additional \$50 will be divided on a percentage basis among the five organizations receiving the highest number of credits. One credit will be given for every renewal and five credits for every new subscription.

Remittance to the church or organization will be made not later than Feb. 5 and be accompanied by the names of the persons who asked that credit be given to that organization.

Secretary of any organization which desires to make a drive for new subscriptions will be furnished with official subscription receipts.

Arlington Remains Safest City in Suburbs

Coroner Rules Dec. 23 Accident Occurred In Palatine Township

Here is some good news for Arlington Heights police department and citizens generally who are zealous of the safety record maintained by the municipality. The fatal accident of Dec. 18 occurred in Palatine township and not in Arlington Heights. Such was the decision of the deputy coroner who held the inquest Thursday on the death of Miss Adele Meyer, who died in the Palatine Community hospital.

The collision occurred in the northbound lane of Wilke road, which is outside of the municipality. The damaged cars and injured persons were thrown into the corporate limits, but the actual place of the accident governed the case, stated the coroner.

As stated in last week's Herald, there have been only 13 auto accidents from Jan. 1, 1939 to Nov. 30. Only three persons received injuries from such accidents during the eleven months period.

It has not been an easy job for Arlington Heights to attain its present safety record. Continual vigilance on the part of the police department has probably prevented many accidents.

While the grape vine of the morning world may have carried the information that it is unsafe to speed through Arlington Heights, George F. Schueberger, chairman of the police committee in a statement given to the Chicago Tribune last week made it plain that Arlington Heights police give the traveling motorist every possible break.

"With the northwest highway bisecting our town, the need of traffic control," stated Mr. Schueberger, "is uppermost if we are to prevent fatal accidents. Four of the schools and all of the churches are north of that highway, yet half of the people reside south of that thoroughfare. The state highway department recently 'moved in' our speed control signs over a quarter of a mile on each end of the village.

Points to Record

"Previous to 1935 our arrests were negligible, yet our accident toll and death rate was higher than Evanston's, a city 12 times as large as Arlington Heights. This year, four people a year were killed within the confines of the city each year, some residents and some non-residents.

"I decided that sporadic drives on speeding were not the proper thing, but a steady campaign with no letup. This was done, and to give every motorist a break our officers were instructed to make arrests only when the speeder exceeded the limits by 10 to 15 miles per hour."

Announce Winners of Home Xmas Displays

Why Not a New Post Office?

The Herald has been asked "why does not a movement be started for a government owned postoffice building in Arlington Heights?"

If such plans are being passed out on the merits of the communities, Arlington Heights is entitled to the building. Park Ridge has a fine building; the contract has been let for such a building at Des Plaines. Barrington just missed getting one last year.

A little bit of the same spirit that made possible the field house, the new elementary school and the new high school during the past two years, ought to bring that new postoffice to Arlington Heights.

Lions Club Asks Public To Inspect Displays About Town

The Christmas display at the home of Mr. and Mrs. R. K. Ackerman, 530 So. Evergreen ave., was declared by the Lions club committee to be the finest in Arlington Heights. The inspection trip of the committee was made Tuesday evening and the awards were announced the next day.

Mr. and Mrs. J. L. Somers, 601 Burton Place, Scarsdale, was given second place and third went to Mr. and Mrs. Edw. G. Crofoot, 743 N. Belmont.

Fourth and fifth prizes were possible through the courtesy of the Public Service Co. The winners were Mr. and Mrs. R. M. Ryan, 610 E. Fairview and Mr. and Mrs. L. H. Malzahn, 721 N. Highland.

The Lions club committee urges the general public to inspect these places and the many others that are very beautiful. They could not give a prize to all of the fine displays, but they all merit a visit from the public. The committee was composed of Walter F. Karstens, Mrs. O. G. Barrett, C. A. Hughes, George Schimming and Mrs. Rex Volz.

Scarsdale awards will not be announced until Sunday afternoon when a community party for that purpose will be held in the office of W. C. Tackett.

The Lions club committee had a reason for their awards and here they are:

First, Radio—Mr. and Mrs. R. K. Ackerman, 530 So. Evergreen ave. They did a whole lot with what they had. Beautiful effect accomplished with little expenditure.

Second, Twin Waffle Iron—Mr. and Mrs. J. M. Somers, 601 Burton Place. A complete and unified Christmas scene which is rich in its simplicity.

Third, Electric Clock—Mr. and Mrs. Edw. G. Crofoot, 743 N. Belmont. A well balanced setting which is not over done.

Fourth, Table Lamp—Mr. and Mrs. R. M. Ryan, 610 E. Fairview. A novel scene well done—realistic.

Fifth, Table Lamp—Mr. and Mrs. Ernest H. Malzahn, 721 N. Highland ave. A nativity scene rich in atmosphere.

"Happy New Year" Sales In Arlington Heights

Two big clearance sales in Arlington Heights, at the Emerald Shop and the Arlington Bootery, are going to mean a "Happy New Year" to all those who take advantage of them, according to the proprietors of these stores. These places offer drastic reductions in women's and children's wearing apparel, men's furnishings and footwear. All goods on sale are from the regular pre-Christmas stocks and are being offered at greatly reduced prices.

Subscription Payments During January To Benefit Churches

Schools and Kindred Groups To Receive Cash Dividends

H. C. Paddock Sons feel that there is no better time than the present holiday season to announce a cash dividend to the churches, schools, Parent Teachers organizations and kindred groups who use their funds for community welfare. The various Paddock publications will pay ten per cent of all subscriptions received during the month of January, if sent direct to Arlington Heights publication office and credit will be given to church or organization named by the subscriber.

25% commission will be paid on all new subscriptions turned into the publishers by interested organizations.

The above offers present an opportunity for churches, schools, Parent Teachers organizations and other groups to earn some extra money during January which is usually a month of small receipts.

H. C. Paddock Sons have adopted this method of securing renewals and new subscriptions in lieu of sending out a solicitor to call on individual subscribers.

A goal of \$500 has been established for Arlington Heights. If that goal is reached an additional \$50 will be divided on a percentage basis among the five organizations receiving the highest number of credits. One credit will be given for every renewal and five credits for every new subscription.

Remittance to the church or organization will be made not later than Feb. 5 and be accompanied by the names of the persons who asked that credit be given to that organization.

Secretary of any organization which desires to make a drive for new subscriptions will be furnished with official subscription receipts.

Important Arlington 1939 Events

Cloice Weider appointed highway commissioner, filling the vacancy caused by the death of Herman Garms, who had held the position over forty years.

City council designated two polling places for all subsequent elections in Arlington Heights. With a registration list of over 3,000 voters, such action was necessary.

Police Department held a police benefit dance, the profits of which were used to purchase a new police car.

Gilbert Klehm was appointed supervisor filling the vacancy caused by the death of Chas. F. Grandt.

Town meeting authorized a tax for nursing service which completes the circle whereby the \$1800 yearly salary of the community nurse is paid by all of the larger taxing bodies.

Lions club sponsors a milk fund to provide milk for children attending local schools whose parents are not in a position to pay the expense. This means better health for the little tots attending school.

Winter sports came into their own at Recreation park last winter when the new skating pond was open for the first time.

Arlington Heights high school and other of the larger members of the old Northwest Conference, seceded from the older organization and form the Northeast conference.

Through the generosity of a number of people, all patrol boys in the city are provided with rain coats. These boys numbering forty or more are given periodical treats by the police department and other organizations.

A class of 126, the largest in the history of the Arlington Heights high school, received diplomas last June.

The 1939 city directory was issued—the first directory since 1935. City Council cuts \$6,000 off current budget. Arlington Heights has the lowest per capita tax rate in Cook county.

Wheeling township starts paying bills in cash—the first time in ten years. Periodical sale of tax warrants have made possible the cash payment.

Arlington Heights swimming pool attracts record crowds.

St. Peter church organizes a Sunday school at Hillside, holding sessions in the school house.

Fire Chief Geo. K. Volz retires after 35 years as chief and 40 years as a member of the department.

Cook County Herald moves to new home, leaving a building that it had occupied forty years.

Property assessed valuations jump \$45,000 over 1938 in Wheeling township—so said the county assessor.

Free bus service under new provisions of the state law is provided students from Mt. Prospect and rural districts attending Arlington Heights high school.

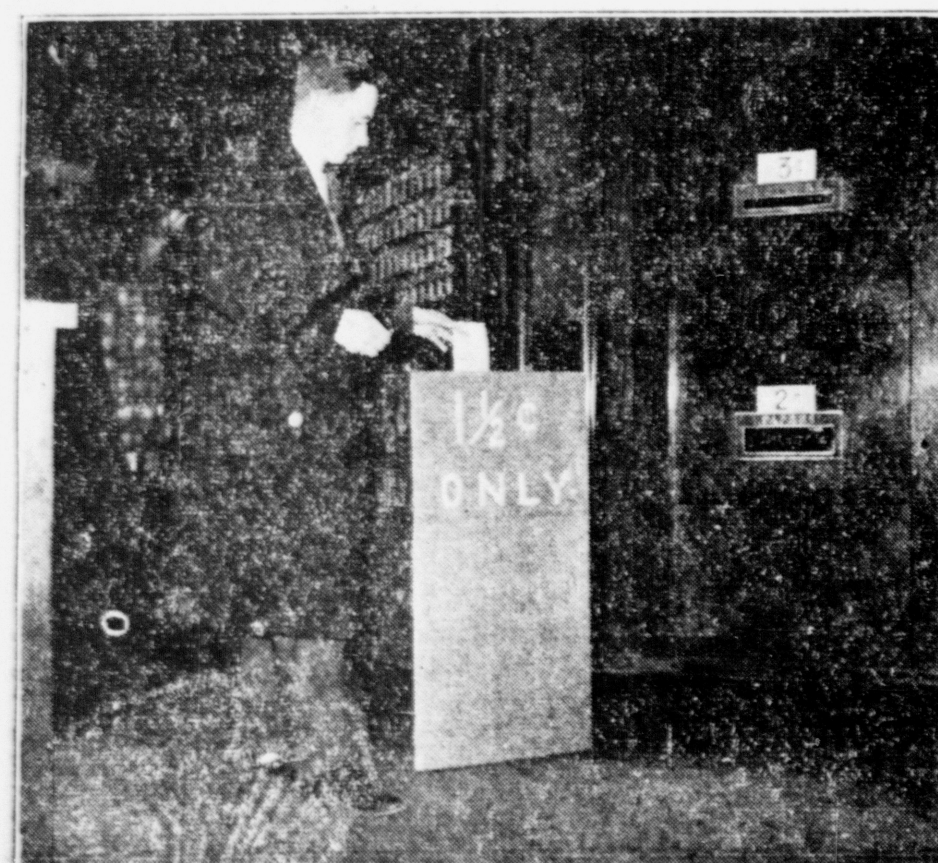

High school board buys additional land to permit construction of a quarter mile track and athletic field.

Arlington public library establishes six day service. Lions club wins district membership plaque with a gain in membership greater than any other club in the district. Its membership was doubled and a new system of committee representation established.

Richard Jahn is appointed new fire chief.

Central committee handles Christmas baskets and organizes a permanent group for that purpose.

How Arlington Heights Postmaster Prepared For Deluge Of Xmas Mail

Every bit of Christmas mail that arrived in the Arlington Heights postoffice by two p. m. Saturday, was delivered that afternoon. Mrs. Dodge held the local mail carriers back until three o'clock in order to make the last delivery prior to Christmas as complete as possible.

Four pouches of Christmas mail were received Sunday and six pouches were received Monday. Delayed receipt of Christmas cards in Arlington Heights was no fault of the local postoffice.

Mrs. Dodge, Arlington Heights postmaster, made every effort to facilitate the handling of mail of patrons of the Arlington Heights postoffice. The separation of third class mail from second class was in the majority of cases done by the people who did the mailing as they dropped their letters in the proper box as shown in the above picture.

Anticipating a heavy Christmas mail, Mrs. Dodge secured authorization for six extra workers. When the mail deluge came she was compelled to put five additional persons to work, making eleven extra men to handle the mail. A CCC truck was secured for the handling of packages. Each mail carrier was given an extra helper. One person operated the cancellation machine almost constantly. The extra help worked 12 and 13 hours a day and the regulars even longer.

Twenty thousand pieces of mail were dropped each of the several days prior to Saturday the closing day, when eight thousand cancellations were made.

Arlington Heights postoffice did the greatest business of any Christmas season in its history.

Propaganda To Turn
Masses Against Churches,
Dr. Maier Asserts
Subtle propaganda is being used to suggest that the churches are for the rich and hostile to the worker, Dr. Walter A. Maier of Concordia Seminary asserted Sunday in his nationwide Lutheran Hour broadcast. He urged all church bodies to avoid any semblance of preference for the wealthy and to show an increased wholehearted concern for the masses.
Emphasizing the virtue of hu-

manity, the noted theologian pointed out that Jesus was born in a vanquished country, in an insignificant village, and in the humblest spot within that village. "It was not by accident," he added, "that the birthplace of Christ was to be in the despised Roman colony of Judea, in a village small even according to the impoverished standards of that day, and in a place so lowly as a manger. It was part of the divine plan to demonstrate Christ as the Saviour of the poor and the outcast—to protest against pride and exclusiveness."

Dr. Maier likened the inn which had no room for Christ to the present-day churches which deny the incarnate, sin-removing Christ, and homes which "have barred their doors against Jesus as the Son of God and the son of man." The greatest joy of Christmas, he added, is the realization of faith in Christ and the unselfish love that his birth reveals and his example preaches.

J. Donald Hanauer is in the Strong Memorial hospital and is doing nicely.

"Let this signify the esteem and affection in which Mr. Ottomar Kolb, Sr., is held by the members of Christ Evangelical Lutheran church." For more than fifty years he had taught in the school of Christ Lutheran church, faithfully carrying out the command of his Saviour.

"Feed my lambs." The many graduates who sat at his feet and here imbibed the all saving knowledge, today hold him in highest esteem. What he has meant to them and our congregation as a whole, can never be measured by

Cancer Is Curable
By C. W. Lussman of Sieburg Pharmacy

In its early stages Cancer is curable. Thousands of lives are saved each year by simple surgery, by X-ray or radium treatments. But neglect is fatal.

Cancer is not catching, is not inherited, rarely is painful in the beginning, is not caused or cured by diet, is the second greatest killer in this country.

See your physician at once if the slightest growth or knot forms, see him anyway regularly once a year for a general physical check-up. Avoid this terrible killer.

Where medication is required select a capable druggist.

Arlington Puts on Christmas Airs

A drive around the streets of the village on Christmas eve, gave every evidence that Christmas was at hand.

A Christmas tree resplendent with shimmering lights shone in every window, long lines of cars before many a door gave assurance of merry parties within, where relatives joined together to see Santa Claus distribute gifts; Tom and Jerry and egg nog parties were in abundance where friends gathered together over a cup of good cheer.

Several churches presented programs and were excellently attended, and many a mother and father sat up into the wee small hours placing bulky packages around the Christmas tree.

The children of Scarsdale had no worry this year, for fear Santa Claus would not appear, for that drive through the streets of that subdivision, shows the jolly old man about to climb down the chimney of several homes, and the brilliantly decorated homes make it impossible for him to miss a single place.

Mr. Tackett's generous offer of \$100.00 in prizes has brought forth some most effective and beautiful results, with Scarsdale in holiday dress indeed.

No one in the village should miss a drive through this subdivision this week. Parties and informal get-togethers of friends and families will complete the week of festivities, with all in the village sharing in some of the Christmas activities.

'Twas The Morning After Christmas

'Twas the morning after Christmas and all through the house, Tissue wrappings and presents are strewn all about. The stockings that were hung by the chimney with care, Have long since been emptied and thrown here and there. The children are nestled all snug in their beds, Sick from the sugar plums that dance NOT in their heads. And Mother in her apron and Father in his hat, Get busy cleaning up and in taking presents back. Junior got his train, which Father liked so well, It must go back today and have a brand new bell. Mother asked for gloves and only got eight pair. So they must be exchanged for something else to wear. Of socks and ties and handkerchiefs, Father got his due. They vary greatly as to size, and are every different hue. 'Twas the morning after Christmas, and where is good St. Nick, I'm wondering if he's home in bed feelin' rather sick.

How to Avoid EYESTRAIN

No matter how bright the light or how large the type, you eyes cannot see without strain unless they are in good condition. Eyestrain is an enemy of health. It causes nervousness, indigestion, and headaches and unless it is cared for in time, it might seriously injure delicate eye muscles. There is only one sure way to guard against eyestrain—have your eyes examined. Sometimes you yourself don't even know when this common trouble is taking its toll.

Shrine Winter Circus With 64 All-Star Acts To Open Saturday Night

Assembled from all over the world an all-star program of 64 acts will be presented at the third annual Shrine Winter Circus which opens next Saturday evening, December 30, and continues through Jan. 14, at the International Amphitheatre, 42nd and Halsted sts., Chicago.

War-infested Europe has contributed a number of top liners who will augment the stars of the largest American outdoor tent shows to round out a bill of the like of which has never been offered in a sawdust arena in Chicago.

Sponsored by Medinah Temple, the net proceeds of the circus will go to the Shrine's hospital for Crippled Children, located at 2211 North Oak Park ave. The hospital admits only crippled children, regardless of denomination or race, whose parents or guardians are too poor to pay for surgical and medical treatment.

Joseph G. Rowley, illustrious Potentate of the sponsoring organization, announces a heavy advance sale of seats and anticipates that last year's attendance record of 250,000 will be materially increased.

Headlining the circus are such outstanding stars as Captain Ramon Proske, wild animal trainer, and his crew of Bengal tigers, the Great Wallendas, who perform perilous balancing stunts including pyramids on bicycles on a high wire; the Flying Solts, who do two and a half somersaults from a flying trapeze and also present their brilliantly colorful aerial ballet of fifty beautiful girls; and the Loyal Repensks, in daring bare-back riding feats.

Captain Ramon Proske, one of the highest paid circus performers of the present day, will demonstrate his ability to dominate a cageful or snarling Bengal tigers. Proske knows no fear in his absolute command of the jungle beasts. He personally has trained every animal in his collection.

Reserved seats are on sale at the Amphitheatre, Medinah Temple, 14 East Ohio st., and the Hotel Sherman.

Following the opening Saturday evening, there will be performances twice daily at 2 and 8 p. m. Reservations are now being received for New Year's Eve.

It Happened Here

Under Judean skies The shepherd, David, turned his harp While the sheep lay white on the hillside And the midnight stars were keen and sharp. Our singer looks on the jeweled city. And the sleeping stones of the mart With their flying groins and arches Make a music that wrings his heart. The lighted towers up-swelling Are the fine drawn viol's strings And a deep toned orchestration From the jeweled stone work springs. But above this piercing music The voices of children are wailing And the desolate cry of widows, The ear of Heaven assailing. Oh, city of heaven-reaching towers, Take heed, take heed to your ways! The walls of Tyre and of Sidon Were tall and proud in their days. S'Amuser.

BOWLING NEWS of Northwest Alleys

Arlington—
TRUE OR FALSE:
Here I am to have my say,
About my friend, this Fred Kehe;
As a bowler, he's just fair,
But better fellows, they are rare.

After he shoots a low series
In answer to all the queries;
He gazes with a look so sad,
And says, "My finger just went bad."

But if he gets about six thirty,
His face changes and is purty;
It rarely happens in a season,
We all know there's a reason.

But you should hear him alibi
If his score is not so high;
He will say his knee is sore,
That is why his form's so poor.

I want-a to be in good standing
With Fred for this reprimanding
But nearly all I have said
No truer words have been read.

He is really a good scout,
As good as anyone about;
Truly I will always say
With emphasis that "He's O. K."

MOVIE

What's on the SCREEN This WEEK

Sea Melodrama Unsurpassed Brings Wallace Berry In "Thunder Afloat"

Melodrama that has never been surpassed in sea thrills, plus three superb performances from Wallace Berry, Chester Morris and Virginia Grey, make "Thunder Afloat," which opens tonight at the Catlow Theatre, one of the ace productions of the season. Story of the improvised subschaser fleet and its courageous, untrained men who met the U-boat menace off the Atlantic coast in 1918, "Thunder Afloat" combine sea action even more exciting than that of "Captain Courageous," with a stirring story based on actual naval history and characterizations as authentic as the film's backgrounds. As a tugboat captain who joins the navy after a U-boat has sunk his craft, Berry turns in a portrayal that compares in all ways with the best of his previous hits, while Morris gives him two-fisted support and Miss Grey proves the wisdom of her selection for this, her first important feminine lead, as Berry's daughter.

Moviemakers who dare moviemakers to thrill them and at the same time amuse them will meet the cinematic answer to challenge in Paramount's "The Cat and the Canary," co-starring Bob Hope and lovely Paulette Goddard, coming to the Catlow Theatre for a special New Year's Eve midnight show, as well as New Year's day matinee and evening shows. And, for the record, they are warned to take along any anti-goose pimple remedies known to man, as well as the latest devices for keeping the ribs from cracking and rattling too violently.

Des Plaines Theatre Will Present Spook Show

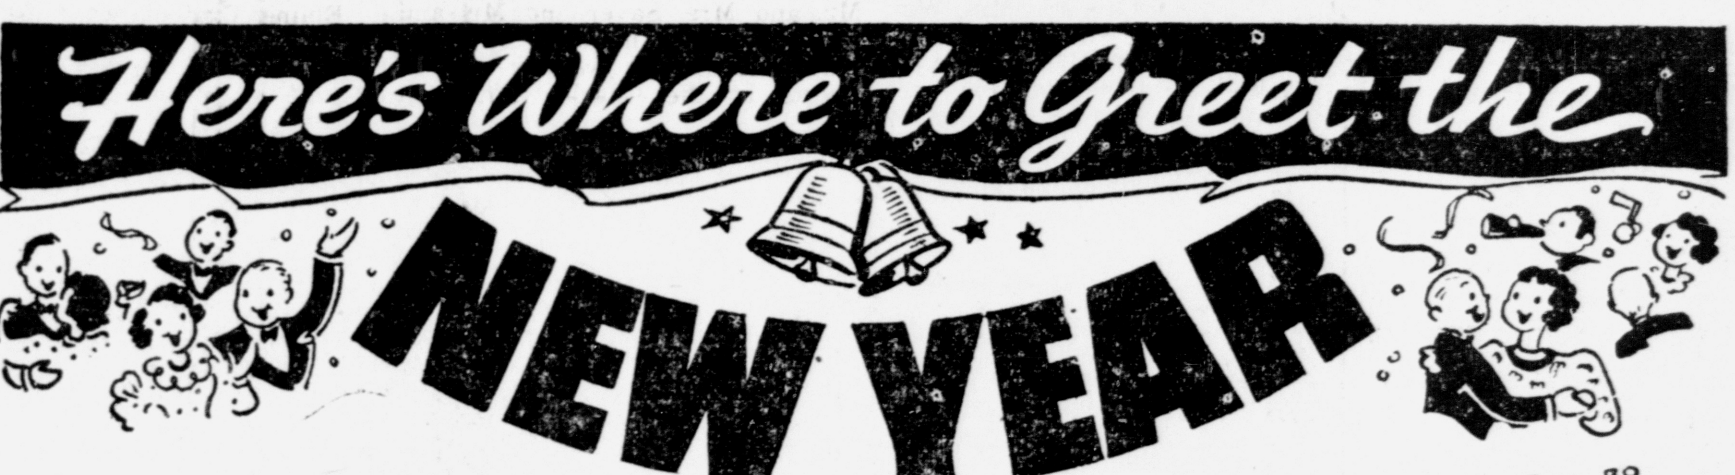

The stage attraction scheduled for New Year's Eve at the Des Plaines Theatre in addition to the double feature program, is the world-renowned Dr. Silkin, his company and his merry-mag spook jamboree. Dr. Silkin, internationally famous spirit medium, promises to perform some of his most famous illusions before turning the theatre into a den of spooks and weird monstrosities. You will experience the thrill of your life when Dr. Silkin turns loose the largest collection of unearthly phantoms in existence. Spooks, ghosts, giant spiders, flying reptiles, human vampires, they all mingle with the audience when the lights are turned out during Dr. Silkin's spirit seance.

There are two performances scheduled for Sunday night, New Year's Eve, the first at 8 p. m. and the other at 11:30 p. m. The Spook Jamboree is in addition to the double feature combination of "Espionage Agent" starring Joel McCrea, and "Pack Up Your Troubles" co-featured Jane Withers and the Ritz Brothers. The double feature screen program will be the fare on the Sunday matinee performances.

Mt. Prospect 1939 Review

(Mt. Prospect Review)

Carrying out a custom established many years ago by newspaper publishers, particularly in urban and rural communities, of enumerating briefly items of interest that were reported during the year just ending, we have glanced through the pages of the 32 issues of the Review for 1939 for items worthy of mention.

This condensed review of the months of the year 1939 cause one to realize that many things happen in the course of a year. Of course, it is not possible to go into any detail in this review, but in scanning through the pages of the 1939 issues, one can spend many pleasurable moments reminiscing and with this outline of the high

lights, one can fill in the details from memory. While this paper touches only occasionally on national and local communities, of enumerating briefly items of interest that were reported during the year just ending, we have glanced through the pages of the 32 issues of the Review for 1939 for items worthy of mention.

JANUARY—After the fog of numerous New Year's Eve parties began to clear away notices of 1939 activities began to appear. The local Post of the V. F. W. reported to Mayor Bessinger that the Post had already planted more than 300 fine elm trees in the village parkways and of course since then the Post has completed this commendable memorial project.

Early in the year the Village Board started on the audit which has been the subject of so much discussion all during the year and which will no doubt play an important part in the defense of suits brought against the Village by defaulted bond holders.

During this month several local plays were given and the South church entertained by having the Negro Federal Glee Club. Herman Garms, who for many years, served as Wheeling township highway commissioner passed away on January 2. On Friday the 13th, a "Car-nival jamboree" was given by the St. Paul's Junior Young People's society. The V. F. W. local Post held an impressive mortgage burning ceremony. Miss Erna Scharinghausen wed Ray Cole of Chicago, Ill. New Drum and Bugle Corps organized and WPA officers serving instructions.

FEBRUARY—Boy Scout week is observed locally and the South church celebrates its second anniversary. It was our sad duty to report the death of little five month old Natalie Nelson who succumbed to spinal meningitis. Lutheran school presents play "Hazel and Gretel." Local taxi cab service started, but this venture proved short lived. Baby son born to Mr. and Mrs. G. S. Crawford. Prospect Heights dedicates new school building and Cordulac loses a twenty game bowling match to Teikert of Des

Plaines. Local Lions club gives free movie show on baseball. Mr. and Mrs. John C. Moehling celebrated their 64th wedding anniversary. Mrs. Kate Steger and daughter, Catherine, opened a new beauty shop over the drug store.

GOOD THOUGHTS

Oh, many a shaft at random sent,
Finds mark the archer little meant,
And many a word at random spoken,
May soothe or wound a heart that's broken.

—Sir Walter Scott.

Man is master of the unspoken word which, spoken, is master of him.

—Chinese Proverb.

A wound given by a word is oftentimes harder to be cured than that which is given with the sword.

—Sir Henry Sidney.

Still in thy right hand carry gentle peace
To silence envious tongues. Be just
And fear not.

—Shakespeare.

Who hath not learned that when alone he has his own thoughts to guard, and when struggling with mankind his temper, and in society his tongue?

—Mary Baker Eddy.

Who is a wise man and ended with knowledge among you? Let him shew out of a good conversation his works with meekness of wisdom.

—James 3.

Mac Says

by GERALD A. MC ELROY

The past week was a significant one in both Northeast and Northwest Conferences. In both leagues one of the favorites was upset with the result that Palatine in the Northwest and Crystal Lake in the Northeast are the only unbeaten teams in their respective conferences. Starting upsets were the 45-36 defeat of Niles by Lake Forest and the 22-20 overtime victory of Antioch over Wauconda. That pair of upsets may mean a lot to someone next February when the final standings are compiled.

Pick 23 Out of 28

This week we picked three out of four winners in each league to run our list of picks to 23 out of 28 for the season. This week for the most part teams in both leagues will take a rest and then start preparations for the hard campaign which remains through January and February. Teams in the Northwest Conference have played but three of their 10 games while in the Northeast four of the 12 league contests have been played. In both leagues the conference schedules will be resumed January 5.

Pirates at Wauconda

January 5 will be a crucial day in both leagues for it will bring together leading contenders. In the Northwest unbeaten Palatine will meet Wauconda on a foreign court. Hermann's team, a pre-season favorite, has suffered but one defeat. At Barrington the Broncos will be host to Antioch. Both teams are in second place with two wins and one defeat. In another game Bensenville seeks their first victory in a home game with twice victorious Elia. The Bisons

beat Elia in a double overtime in an early non-conference game, but has not won a victory since. The fourth game will find Grant traveling to Northbrook. Neither club has been a league winner to date. Crystal Lake at Niles.

Even more important will be the headliner in the Northeast loop when Crystal Lake really meets high class opposition at Niles Central. The Lakers are the only unbeaten team in the league, but Niles rates a fair chance to upset them and move back into the top position. Libertyville with three victories meets Lake Forest which has topped its last two starts. Arlington will play at home against winless Warren and Leyden likewise will be host to winless Woodstock.

Coming Up

Antioch, rated as the weakest of the N. W. Conference is coming up fast if recent results are an indication. Coach Childers' team looked very weak against non-conference competition, being the only team that Zion has defeated, yet has turned around and beaten Grant and Wauconda who were rated as strong contenders in the north section and lost to Elia by only one point.

Lake Forest, rated as a dark horse by this column at the start of the season, has indicated that they will be one of the leading teams. Two wins in a row including their latest over Niles and a one point defeat at the hands of Leyden mark Coach Tom Short's quintet one to beat watching.

Giant Killer

The game prominence of nearby Dundee has overshadowed Elgin during recent years but the Ma-

Happy New Year

We are trying to make the Pad-dock Publications Sport Page the best in the suburban area and we appreciate the fine cooperation of coaches and fans who have aided us in securing sports news. Our resolution for the new year is to give the fans of the Northwest and Northeast Conferences the most complete and impartial sports coverage they have ever received.

oons were the team of the week when they defeated unbeaten Morton of Cicero 30-20. About a week before they handed Glenbard their only setback 42-36. Both Morton and Glenbard have four regulars from last year's teams which were sectional finalists. Morton went to the state last year. Elgin has not lost a home game in their new gym which was opened last year. Their record at home included a victory over Rockford who went on to win the state title.

Make History

Every game Dundee plays makes history whether they win or lose. The Cardinals by defeating West Chicago 67-17 last week, ran their string of consecutive Little Seven victories to 58. The Cards have won 68 out of their last 70 games against all kinds of competition including state tourney opponents.

Star in Big Time Basketball

Blanken of Dundee's 1938 state champs scored 18 points to help Purdue whip Oregon last week. He scored 12 points against Southern California the same week. Down at Bradley, Hanson, another of De Lacey's Dundee champs has a regular spot at center and is leading the scoring.

Hebron vs. Crystal Lake

If the McHenry county tourney being played this week runs true to form, and we see no prospect of an upset, it will bring Crystal Lake and Hebron together in the finals Friday night. The tourney is being played in the St. Marys gym at Woodstock.

The next home game for the unbeaten Pirates is Saturday, January 6 when Zion comes to Palatine. The Pirates won at Zion 33-24 earlier. Last Friday Arlington downed Zion 29-27.

Boyk Gets 24 Points But Niles Overwhelmed By Lake Forest, 45-36

It is Merry Christmas at the Lake Forest high school these days for other reasons than that it is vacation. Tom Short and his Scouts have succeeded in really celebrating due to their astounding upset of the highly touted Niles township five. Last week the Scouts led all the way to trounce a hitherto unbeaten Trojan five by a count of 45-36. To make it all the worse for Niles the Lake Forest lights also came out on top 24-21. It was the first loss in the Northeast loop for both Niles teams and leaves Crystal Lake perched at the top in both divisions.

In spite of Boyk's 24 points Niles could not win as the Trojan star got little support except from Batman. In fact this pair scored all but two of the Niles points. Meanwhile Cascarano and Lohman scored 14 and 13 respectively for the Scouts while Lindenmeyer, Karsten and Noble each accounted for four or more points.

Grant Loses To Elia; Knigge Hits Basket For Twenty-three Points

Grant high school lost to Elia, 43 to 36, in a game that saw two teams not more than one or two points apart until the last quarter. G. Knigge, of Elia, provided the main disappointment to Grant as he collected 23 points on ten baskets and three free throws. Wheel-cr, of Grant, played the best for Grant and led in his team's scoring. The lightweight battle was another see-saw affair with Elia again on the long end, 16-15.

Arlington Wins Double-header From Zion Fives

New High School Extends Cardinals To 29-27 Game

Arlington basketball teams, lights and heavies won their first double header of the season last Friday night. Their victims were from Zion, the new high school in the Northeast corner of the state. A weak lightweight squad was no match for the Arlington "Tornadoes" and succumbed 46-7 garnering but one field goal. The heavies were sufficiently strong to battle the Cardinals to a 29-27 game in one of the Cardinals' better games.

This latter game was a thriller after the first quarter with he score being tied on several occasions and each team being ahead at various stages of the game. A long shot was in the air as the horn signaled the end of the half and this basket put the visitors ahead 16-14 at half time.

A three quarter mark it was even up once more at 23-23. Zion forged to the front by two points and held it for five of the eight minutes in the last quarter. A field goal by Ed. Mueller tied it up and two by Thoman tied it away although Leech, Zion star forward, connected once more just before the finish.

Although it was through these three opportune baskets that Arlington finally came out on top it was mainly through the efforts of Fred Kehe that the Cards were in the running. Playing his best game of the season, he scored ten points for high point man of the evening for the Cardinals. Schulenberg, Thoman and Mueller kicked in two valuable baskets each.

Leech, visiting forward, carried off scoring honors with five and four for fourteen points. Two Arlington guards went out on fouls trying to keep pace with him. He was ably seconded by Pratt and Dunn.

In the lightweight game it was quite early evident that even the first stringers wouldn't be needed. This afforded a good opportunity to glimpse the possibilities of the lesser Tornadoes who came through in fine style. Vetter sank three long ones. Ross, Brown and Miller completed the quartet that did the stellar work for Arlington.

First Cigarettes

The earliest reference to the cigarette occurs in literature in 1842 and 1843, where it is stated that cigarettes were smoked in France and Italy. Laurence Oliphant is generally credited with the introduction of the cigarette to English society. It did not become popular, however, until 1870. In the United States the manufacture of this product began about 1864, in which year 19,770,000 were made.

Spearing Angels

Do not forget when in Sicily that one of its most fascinating sports which supply a delicious food, is standing in the bow of a boat on a warm midsummer's night, flashing a powerful light, and spearing flying fish in the luminous sea, called "angels."

Nazi critics have "accepted" Shakespeare as a German classicist. Dr. Rosenberg, the German critic, says Shakespeare gives a Nordic delineation of the world.

Palatine Knocks Barrington From N. W. Conference Lead

Pirates and Broncos Show Poor Form In Play For Top Position

Palatine defeated Barrington Friday night in both games before one of the largest crowds to witness basketball in the Palatine school gym. The Pirate varsity rallied in the third period to win 29-21 and remain the only unbeaten quintet in the Northwest Conference. The Pirate lights played their 28-17 and move into second place in the league standings.

It was a pair of tense and aggressive teams which met in the heavyweight contest and neither played the standard of ball of which it was capable. Both teams shot poorly, passed wildly, and fouled rather consistently. The one flash of real basketball by Palatine in the third period gave them the lead which proved to be the winning margin.

Palatine was off to a 7-1 first quarter lead as Barrington missed 14 consecutive shots from the field and four out of five free throws. Hollinger was the only Pirate to connect in the second period while the Broncos were hitting for three field goals, but a half time score of 11-8 found Palatine still in front.

Pirates Pull Away

After Barrington had taken a 13-12 lead midway in the third period the Pirates settled down and with the tension off put on an exhibition of good basketball for the next eight minutes which gave them the lead on numerous setups the Pirates pulled away to a third period lead of 20-13 which was increased to 25-15 midway in the final quarter.

Neither Team Hitting

Either team could have won a very onesided victory had it been hitting the basket consistently. Barrington made but six out of 51 while the Pirates, due to a lot of easy shots in the second half, had a slightly better mark of nine out of 48. Grueling and Bauman looked best for Barrington. Snyder played the most consistent game for Palatine.

Lights Show Class

The Palatine lightweights, doped to lose to an undefeated Pony quintet from Barrington, played an outstanding game to win 28-17. In the first half the junior Pirates built up a 15-4 lead at one time by very good shooting and an air tight zone defense. The half time lead of 17-11 was increased in the third period and the Palatine team was never in any serious danger of being overtaken.

The Palatine lineup of Capt. Golden and Salvo, forwards; Schulow, center; and Birks and Penkava, guards, played most of the game. The boys were cool and deliberate in their playing and were hitting the basket for the unusual record of 12 goals in 37 shots. Golden led the scorers with 11, followed by Salvo with eight, Birks five, and Schulow four.

Friday's defeats were the first suffered by either Barrington team and left the Palatine heavyweights as one of the few undefeated teams in this section.

Crystal Lake Wins 4th Straight Double Victory; In 1st Place, Undisputed

Crystal Lake took undisputed possession of first place in both heavyweight and lightweight divisions of the Northwest Conference last Friday by swamping Woodstock in both ends of their double bill 55-23 and 51-24. It was the fourth straight conference double victory for the Tigers.

Crystal Lake heavies led 10-3 at the quarter 24-11 at the half and 40-15 at the three quarter mark. Etling paced the Lakers attack with 20 points.

New Interest In Food Locker, Call Meeting Of Farmers Jan. 4

"Last year some attention was given to the proposition of establishing food lockers in Arlington Heights," states Farm Adviser C. A. Hughes, "but the interest was such that we did not feel justified in going ahead with the plan. Since then we have been having many inquiries from farmers and others with reference to the possibility of building a cooperative locker storage plant in Arlington Heights similar to those operated by other Farm Bureaus over the state."

"In order to give farmers information about such a plan a meeting is being called at the Farm Bureau office Thursday, January 4 at 7:30 p. m. Those who are interested in lockers are invited to come in at that time. Whether we will proceed with the establishment of a locker in this community will depend upon the response at this meeting."

Windbreak Plantings Meeting January 4

Numerous farmers have indicated an interest in windbreak tree plantings. To give these a chance to discuss their problems we have arranged for Mr. J. E. Davis, Extension Forester for Illinois to meet them at the Blue Island Farm Bureau office Thursday, January 4 at 10 a. m. and at Arlington Heights office at 2 p. m. the same day.

Mr. Davis can also assist farmers in getting trees for these plantings as well as give information as to how windbreaks should be planted for best results.

New members of the board include George DeVries, Worth; A. E. Phelps, Mooseheart; and LeRoy Fournie, Collinsville.

The 1940 meeting will be held in East St. Louis, it was decided at the 1939 annual meeting.

Precious Soil

The most precious thing on Direction Island, home of a few British employees of a cable company, is the soil which was shipped there from Christmas Island, more than 500 miles away. The British wanted a garden, but Direction Island, one of the Cocos group in the Indian ocean, is mostly coral. The cable company employees grew weary of tinned vegetables. So they arranged with officials of the Christmas Island Phosphate company to send them shipments of soil, and now they spend their spare time cultivating vegetables.

Trees Soon Heal Erosion Scars

Covering up and healing over the ugly scars that have been caused by erosion on Cook county farms is a simple matter, as shown by the accompanying illustrations from the farm of Floyd Sparks, DeWitt county.

The top picture, taken in the spring of 1938, shows a deep gully on over-grazed pasture land on the Sparks farm, just before the area was planted to black locusts on the recommendation of J. E. Davis, extension forester of the University of Illinois College of Agriculture, and of the State Natural History Survey.

The lower picture, taken from the same position in the fall of 1939, shows how the black locusts are healing the gully.

Sparks is one of hundreds of Illinois farmers who are being assisted in the forestry program

sponsored by county farm advisers and the agricultural college.

FORCES POLICE CAR TOWARD DITCH

Raphael Adler, Cross Plains, Wisconsin, crossed the center line while driving north on River rd., just south of Touhy ave., and forced a county police squad car off the highway towards the ditch last Wednesday afternoon. The police caught the driver, took him to the station and fined him the well-known "15 and 5."

COUNTY FIRE TRUCK RAMS CAR AT CROSSING

Walter Thode, Forest Park, last Monday afternoon failed to hear the siren of a county forest reserve truck speeding to a fire and was rammed at the corner of 1st and North aves. Thode, accompanied by his family, noticed the oncoming yellow truck but presumed that it would stop for the red light at that corner. John Cello, Chicago, was the driver of the truck. Little injury resulted.

TRAILER-TRACTOR UNIT TIPS IN DES PLAINES

Ole Tallackson, Chicago, just past noon Thursday hit a trailer-tractor outfit on the Northwest Highway approaching Des Plaines. The truck, driven by Alvin Norris of Richmond, Indiana, was tipped onto its side against a railroad abutment and suffered considerable damage.

OLD SOL BLAMED FOR AUTO CRASH

The sun was blamed Friday afternoon by Jack Emmerson of Northbrook as having temporarily blinded him so that he did not see the stop sign at the corner of Dempster rd. and Greenwood ave. He drove through without stopping and hit the car of Thomas Houcek, Fox River Grove. Houcek's car was badly wrecked.

Publication On Care Of Tractor Now Available

"Economical service can be obtained from a farm tractor, only when it is given proper care." Most farmers with tractors know this statement is true, but the fact is further emphasized in "Tractor Repair and Maintenance," a circular which has recently been published by the University of Illinois College of Agriculture.

"To keep repairs at a minimum, all parts must be thoroughly checked at regular intervals, and the proper oils, greases and fuels must be used," R. L. Shaw, associate chief in agricultural engineering, states in the publication.

"To avoid big repair bills and high operating costs, repairs should be made just as soon as the need for them is noted."

The circular describes the various parts of a tractor that need attention from time to time; tells what to look for in checking to see that the parts are in proper working order, and gives detailed directions for adjustment and repair.

A complete check list, showing what to do and when to do it, is provided.

The qualities of tractor fuels, oils and other supplies and their suitability for use under different operating conditions are also discussed in the publication.

The circular, No. 499, may be obtained free by writing to the College of Agriculture.

WILLS FILED

ARLINGTON HEIGHTS
In Probate court the estate of the late Adele Meyers, of Arlington Heights, who was fatally injured in an automobile accident Dec. 18, dying Dec. 20, was opened and Edwin Adlers was appointed administrator. She did not leave a will. Her estate consists of a \$10,000 claim for causing her death. Her heirs are her mother and sister, Laura and Mr. Adlers, a nephew, all of Arlington Heights.

BENSENVILLE

The will of the late John Gehl, who died in Chicago Nov. 20, leaves his \$6,500 estate equally to his four children. One child is Emma Finger of Bensenville.

Forty-one Heirs May Share \$2,500 Estate

The late May E. Boland, who died intestate Oct. 9, leaving \$2,500 has forty-one distant relatives for heirs according to a list filed in Probate court. Among them are: Mrs. Mary Schuetz, Morton Grove, Wilbyrne Frances, W. B. J., Thomas J., John and William Schaban, all of Park Ridge, Carl and Gerald Sebastian of Des Plaines. The heirs are nieces, nephews, grand nieces and grand nephews.

Kublands, Geo. Fasse, Of Palatine, Contest Will of Anna Kelle

Suit has been filed in Circuit court by Edward Rose and Matilda Kubland and George Fasse of Palatine, against Anna Fentge, August and Albert Sunderlage, contesting the will of the late Anna Kelle who died in Palatine Oct. 20 last year, leaving all her property to Anna Fentge. The complaint alleges the deceased was incompetent when she made the will and was also unduly influenced. The estate was valued at \$3,000 and comprises interests in Chicago real estate.

Shakespeare's Will

Shakespeare made his will on March 25, 1616. There were legacies to his daughter, Judith Quiney, and his sister, Joan Hart, and remembrances to friends both in Warwickshire and London. The real estate was left to his daughter, Susanna Hall. His wife, who had, of course, dower rights in most of the real estate, is only mentioned in an interlineation, by which the second best bed with the furniture was bequeathed to her.

Many leases, where similar rental adjustments have been made, seem to be working out to the satisfaction of both landlords and tenants, Case explained. A more detailed analysis of methods of adjusting cash rentals to meet changes in prices is contained in a circular, "Determining Cash Rentals on the Basis of Farm Prices," a copy of which may be obtained by writing to the College of Agriculture economics department.

Moving Day
More than 2,000,000 American families a year, or about one in sixteen, change their homes at least once a year. May 1 and October 1 are the busiest moving days and the average cost per family is around \$25.

PEAT FIRE CAUSES MORE ACCIDENTS

A peat bog fire along Dundee rd. just east of Skokie rd. Friday night caused a series of accidents, two of which may be deemed serious. All cars involved were victims of rear end crashes due to poor visibility. Occupants in the cars included people from Barrington, Glencoe, Oak Park, Highland Park, and others. The most serious injury was that suffered by Mrs. A. R. Grant of Madison, Wisconsin. Cuts and bruises were received by William Tillman, Harry Warren, and Harmon Zimmer, all of Highland Park, Josephine Trier of Barrington, and Annie Mays of Lake Zurich.

THIRD CAR TOO MUCH FOR NORTHBROOK DRIVER

Harry Bengstorf, Northbrook, struck and pushed one car against another Sunday afternoon and then collided head on with a third automobile, all taking place on Waukegan rd. just north of Lake ave. The first car struck was that of Daville Lichterman, Chicago, which was parked and pushed against the car of Dr. Link, Glenview. Bengstorf then went across the pavement and struck head on the car of Frank Schuett of Glenview, who was traveling with his wife and daughter. The injured were taken to the Evanston hospital for treatment.
